

Intergenerational Faith Web

People you identify who are investing
time and energy into your faith

People you identify who you are
investing time and energy into their faith

The diagram is a spider web with a central point and eight radial lines extending outwards. The web is divided into five concentric rings, each representing a different age group. The age groups are labeled in the center of each ring: SENIORS (60+), ADULTS (30-60), YOUNG ADULTS (18-30), TEENS (12-18), and CHILDREN (0-12). Each ring has four horizontal lines on each side for writing names. The top-left and top-right sections of the web are labeled with text about identifying people who invest time and energy into the faith.
