

Why is our  
**FAITH-BASED ADVOCACY**  
needed now more than ever?

# What is Christian Nationalism?

Christian nationalism is a cultural framework that idealizes and advocates a fusion of Christianity with American civic life. Christian nationalism contends that America has been and should always be distinctively “Christian” from top to bottom – in its self-identity, interpretations of its own history, sacred symbols, cherished values, and public policies – and it aims to keep it that way.

But the “Christian” in Christian nationalism is more about identity than religion. It carries with it assumptions about nativism, white supremacy authoritarianism, patriarchy, and militarism.

# Christian Nationalism & Public Ed

Christian nationalism is one of the primary threats to public education. Christian nationalism is connected to:

- school vouchers (segregation academies)
- defunding of public education (failing schools narrative to push privatization)
- book bans (re-writing history)
- limiting what can be taught in history and science
- release time for religious education
- 10 Commandments in schools
- chaplains replacing counselors... and more!

# SCHOOL PARTNERSHIPS

Questions to Consider:

# Questions to Consider:

1. Who in the church might be interested in participating? Who might lead?
2. What gifts & talents does the church have to share?
3. How much time, energy, and resources does the church have to allocate to this partnership? (Be realistic!)
4. Who in the church already has a connection to a school? Which one(s)? What school is our neighbor?
5. What are the demographics of the school? (e.g. % Free & Reduced Lunch, Spanish speakers, academically gifted)

# Questions to Consider:

- 6. What barriers might get in the way or need to be overcome?
- 7. What groups in the community are in partnership with the school already?
- 8. Who do we need to contact & meet with to explore the idea?  
Who are the stakeholders?
- 9. What are the greatest needs of the school according to the principal, counselor, social worker, nurse, teachers, parents, PTA, etc.?

What other questions come to mind?

# Tips to Remember:

- **ASK Questions and LISTEN** with your ears and heart! Where is the Spirit already at work?
- Be humble, curious, empathetic, and teachable. **DO NO HARM.**
- Follow all volunteer registration, background checks, and school policies to ensure kids are safe.
- Carefully assess what time and resources your church has to give, and plan for longevity to build trust and effectiveness. Short bursts of support can unintentionally cause harm.
- **UNDER** promise and **OVER** deliver--never the other way around!

# Tips to Remember:

- The students and school are ALWAYS the priority, not the church & its needs.
- All Glory is for God, not the church's ego. Check your ego at the door.
- Don't create more work for the school.
- Joining a team with other community partners is a great way to start. Silos are not helpful.
- Treat all children with respect and equality--don't play favorites or create jealousy!

# Tips to Remember:

- Partnership is **BECAUSE** our faith calls us to love our neighbors, **NEVER** as a way to share faith.
- Evangelism is **NOT** appropriate and crosses legal boundaries.
- Do justice. Love kindness. Walk humbly. Each person is a child of God!

What other tips would you include?

# Our Words Matter!

**While the school may have many struggles, good things are happening too! NEVER FORGET to celebrate the GOOD and talk about the school in a positive light in the community! Be an encouragement to the students and staff!**

# Our Words Matter!

**“Jake, when you talk about the school with your congregation, you tend to focus on all the challenges that the students and school face—and no doubt we have our challenges. But we are a school full of bright minds, diversity, and amazing staff. We have lots of challenges, but we are also a great place for growth and learning. Let’s try to focus on giving a more balanced view of the school”**

# These Stories Matter!

- Stories are what change hearts and minds... so tell the stories of what you're seeing and all the good that's happening!
- Don't shy away from telling the realities too and naming the systems at work against students' learning and thriving.
- Focus on the children and how we can keep them at the heart of the conversation!
- Find ways to share these stories more broadly beyond your church walls!

# God, You Give Each Generation

HYMN TO JOY 8.7.8.7 D

**God, you give each generation  
Words of wisdom, truth to tell.  
And your call to every nation  
Is to teach our children well.**

**For each child is in your image,  
Moving toward maturity.  
Through your word, we hear your  
message:  
Teach your children! Guide and lead!**

**Christ, you taught us love of neighbor  
When you welcomed people in;  
And you told us: Children matter!  
To neglect them is a sin.**

**May the children who are yearning  
To be all that they can be  
Find in public schools the caring  
Of the whole community.**

**Spirit, give to us a vision  
Of a world that's just and fair.  
May our courage, strength and  
wisdom  
Reach to children everywhere.**

**God, may public education  
Touch the lives of rich and poor;  
May we build a strong foundation —  
Then watch all your children soar.**

**And all God's People said, AMEN.**
